Farm Trail

1. Starting from the Farm Shop head away from the road up toward the Caravan Park.
2. Follow the tarmac lane through the gate past Bradley Mill.
3. After 50 metres head right down to the foot bridge over the Bradley Burn.
4. Follow the bridleway past High Bradley cottages and cross the stile on the right into Cottage Field.
5. Follow the path across the back of the cottages, staying on the north side of the hedge. After 200m cross the stile into the corner of Mill Field, and through the narrow gate into Moat Field. Please close the gate to keep livestock safe.
6. Head diagonally across Moat field, towards Bradley Hall.
7. You can look over the stile in The Garth, but come back to the north side.
8. Go through the adjacent gate and cross Little Garth back to the main road. Follow the lay-by back across the hump back bridge, and Bradley Burn Farmhouse. Follow the gravel track up past Owl Cottage, past the cattle shed back to the Farm Shop & Cafe.

Explore the nature and history of Bradley Burn Farm. A 20 minute circular walk over path, field and stiles - please use suitable footwear. Not suitable for Pushchairs
