Welcome

Castlerigg Farm campsite sits in a wonderful elevated position just outside the picturesque market town of Keswick. The site is open all year round.

Keswick, is a twenty five minute walk down through the woods or just 5 minutes in the car, so you are never too far from the towns many cafes, bars, restaurants, shops and attractions but far enough to enjoy the countryside surroundings, peace and tranquillity that the site offers.

Castlerigg Farm...Site...Services and Shhh policy

The site offers spectacular 360-degree panoramic views of the lakes and mountains, as a result the field is gently sloping so some units may require levelling blocks.

Shhh policy...

After a happy day enjoying time in the Lakes District you will be ready for a good night's sleep. We want to ensure that everyone gets that, so please...

- remember voices (an carry especially when on a mobile phone) – total silence between 10.30pm and 7.00am,
- to help eliminate noise, the site main gates are closed to vehicles after 10pm. If you are out late vehicles can be parked just outside the main gate (site property). Then please tip-toe back to your pitches, remembering as you walk past tents, motorhomes and caravans to have consideration for fellow visitors who may be asleep;
- there's no loud music allowed at any time – we are not a music festival and for some guests loud music can spoil their peace and relaxation.
- All awnings must have a breathable ground sheet.

We do not offer a 24hr service, however we are available for EMERGENCIES.

Call 07495523829 or use the intercom located to the LEFT of the reception door.

Please report any noise or inappropriate behaviour.

All facilities are regularly checked and cleaned but, if you come across anything that needs attention please inform reception during opening times.

We hope you enjoy your stay with us.
